

**Declaration of Conformity:**

- **REACH Regulation (1907/2006/EG), SVHC Candidate List dated 25.06.2025**
- **RoHS Directive (2011/65/EU and (EU) 2015/863)**
- **WEEE Directive (2012/19/EU)**
- **ELV (2000/53/EC)**
- **POP ((EU) 2019/1021)**
- **Conflict Minerals**

Dear Sir or Madam,

As a manufacturer of technical articles made of polyurethane elastomers, we are considered a "downstream user" (producer of articles) according to the REACH Regulation. Therefore, obligations related to the manufacturing and market placement of substances/chemicals for pre-registration and registration (ECHA) do not apply to us. Our products are articles and, thus, cannot be defined as substances or mixtures. Moreover, under normal and foreseeable conditions of use, no substance is released from our articles. Consequently, ACLA-Werke GmbH is not subject to mandatory registration and is not required to create safety data sheets. To ensure our customers receive a continuous supply of reliable and safe products, we verify that our suppliers comply with all requirements concerning chemical substances and materials. According to information from our suppliers, the materials we use either do not contain any substances from the SVHC candidate list of the European Chemicals Agency (ECHA 250 substances as of June 25, 2025), or they adhere to the maximum permissible limit values. Therefore, ACLA-WERKE GMBH does not supply any products that fall under the SCIP regulation.

This declaration of conformity is based on information and documentation provided to us by our suppliers. ACLA-WERKE GMBH carefully checks this information but accepts no liability for its completeness, accuracy or timeliness, unless expressly required by law.

Should subsequent changes or new findings regarding the substances or materials used arise that affect the conformity of our products, ACLA-WERKE GMBH will immediately inform its customers and take appropriate measures. Any further liability, in particular for indirect or consequential damages, is excluded to the extent permitted by law.

Based on the information provided by our suppliers, we hereby declare that the products of ACLA-WERKE GMBH comply with the REACH Regulation requirements.

Furthermore, we confirm that our products are in compliance with the following directives and are manufactured according to their applicable requirements:

- 2011/65/EU (RoHS II) & (EU) 2015/863 (RoHS III)
- 2012/19/EU (WEEE)
- 2000/53/EC (ELV)
- (EU) 2019/1021 (POP)

ACLA-Werke GmbH also confirms that the products we supply do not contain any conflict materials (3TG) as defined in the Dodd-Frank Act or through the Conflict-Free Sourcing Initiative (CFSI).

Yours faithfully,

Cologne, 17.07.2025
